

**Peak Performance U—9 Essential Skills for the Workplace** is a powerful online course that develops the critical skills that individuals need to succeed in the workforce. Driven by closed captioned videos from industry leaders and sports icons supplemented by rigorous worksheets, writing prompts, workplace scenarios, and activities, the course covers 81 topics recognized by business and industry as necessary for a student’s personal and professional growth, leading to higher employability and workplace success.

Local Education Agencies (LEA) can take advantage of this interactive, in-depth course for an affordable yearly licensing fee (per school campus, unlimited seats). Teachers and students are given around-the-clock, unlimited access to the learning management system via unique user IDs and passwords. The course can be taught sequentially or as individual-based learning. Many educators utilize PPU as supplemental materials to curriculum currently in use. *Call 228.324.6204 for pricing and additional license information.*
